Appl. No.: 10/045,346  
Filed: Oct 23, 2001  
Title: Switching Telephone Calls Between Wireline and Cellular Telephones  
Grp./A.U.: 2685  
Examiner: N. Mehrpour

**DECLARATION**  
37 C.F.R. 1.131

I, Prathima Agrawal, of New Providence, County of Union, and State of New Jersey hereby declare and state that:

I am a co-inventor of the above-identified patent application, which is a continuation of a prior application 09/223,466, filed December 30, 1998.

Prior to December 29, 1998, I was employed by Bell Communications Research, Inc. (Bellcore), the predecessor company to Telcordia Technologies Inc, the assignee of this patent application. My co-inventor Parameswaran Ramanathan was a consultant to Bellcore and worked with me at the Bellcore Morristown facility.

Prior to December 29, 1998, Mr. Ramanathan and I jointly conceived the invention to enable a telephone subscriber to switch an on-going telephone call between wireline services and cellular services, as set forth in the above-identified patent application.

Prior to December 29, 1998, I worked with John Peoples on his preparation of eight patent applications, including the application identified as APP 1151, which is the parent application to the above-identified application.

After the application for APP 1151 was prepared, it was sent first to Mr. Ramanathan for signature on the Declaration then the Declaration was signed, by me, on December 29, 1998.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statement were made with knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States code, and that such willful false statements may jeopardize the validity of the application of any patent issued thereon.
